

NEW

THE BEST INSTRUMENT MIC JUST GOT BETTER

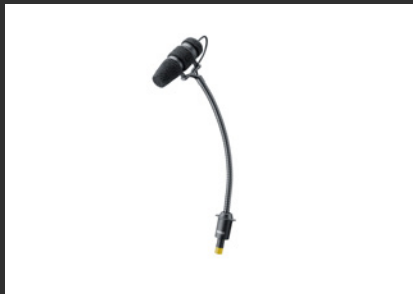

Introducing the new d:vote™ 4099 with **core**
by DPA

Sporting a new streamlined design and our powerful CORE by DPA technology, the d:vote™ 4099 Instrument Mic is far beyond anything you've heard before. Use it with one of our many mounting clips and let your audience experience the true voice of your instrument.

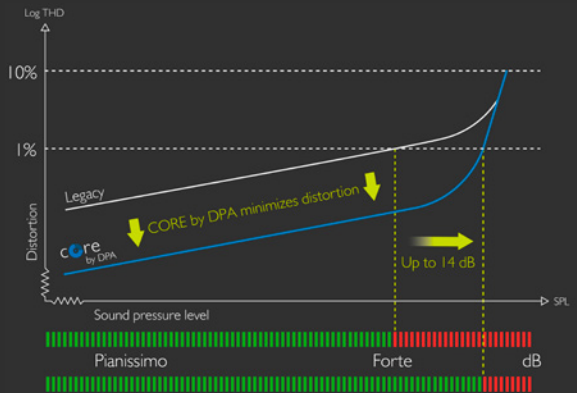

by DPA minimizes distortion ♦ expands dynamic range ♦ increases clarity

dpamicrophones.com/dvote

This new d:vote™ brings more clarity and details to your music, across the entire dynamic range. Available in two versions to match the SPL of your instrument, d:vote™ 4099 with CORE by DPA lowers the general distortion heard at all levels and increases the dynamic range up to 14 dB (at 1% THD).

Specifications

d:vote™ 4099 Loud SPL	Legacy	core by DPA
Total harmonic distortion (THD)	< 1% THD up to 123 dB SPL peak	< 1% THD up to 131 dB SPL peak
Equivalent noise level, A-weighted	Typ. 23 dB(A) re. 20 µPa	Typ. 23 dB(A) re. 20 µPa
Dynamic range	Typ. 100 dB	Typ. 108 dB
Max. SPL, peak before clipping	142 dB	142 dB

d:vote™ 4099 Extreme SPL	Legacy	core by DPA
Total harmonic distortion (THD)	< 1% THD up to 123 dB SPL peak	< 1% THD up to 137 dB SPL peak
Equivalent noise level, A-weighted	Typ. 28 dB(A) re. 20 µPa	Typ. 28 dB(A) re. 20 µPa
Dynamic range	Typ. 95 dB	Typ. 109 dB
Max. SPL, peak before clipping	152 dB	152 dB

Choose one of our many flexible mounting options for gentle, stable and repeatable positioning on your instrument.
