

Highlights:

- Wide variation of compatible modules available
- 72 mm usable depth
- Pre-threaded mounting profile for easy assembly
- Stores 2 units of CASY modules
- Flexible system for system integration & connectivity

The CASY052 comes available in a 2 space chassis allowing flush mount implementation of a custom configuration by using the solderless audio, video, data and power modules of CASY. It can be mounted in any wall using one of the 2 available mounting boxes. A durable metal mounting box is available for installations in brick or concrete walls while a PVC variant is available for easy installation into dry walls.

Product Features:
