

CASY285GI

CASY 2 space with German schuko outlet IP54

Highlights:

- 1.5 mm thick cold rolled steel frame
- Structured and scratch resistant black powder coating
- Compatible with any CASY chassis
- Solderless connections
- Flexible system for system integration & connectivity

The CASY285GI is fitted with a type F German power socket (IP54) on the front side, that leads to a lever actuated splicing connector on the back. This flexible structure for system integration & connectivity can easily be implemented in a wide variety of CASY chassis.

Please look for your local regulation to know which type of connector is allowed in your territory.
