

# MBK260

## 35 mm stand adapter for KYRA series column speakers

Thanks to this 35mm adapter piece you can place KYRA series column speaker effortlessly on any speaker stand. It can be assembled on different heights depending on the mounting possibilities and required installation height.

Fixation is done through inserting both supplied mounting screws into the pre-drilled and threaded holes at the back of the speaker. Depending on the inclination direction (upward or downwards) this part can be assembled in two directions. You can fixate the pole fitting by tightening the thumb screw included with this adapter.

### Product Features:
