

RD110L

19" rack drawer - 1 unit with key lock

Highlights:

- Stores up to 1 units of 19" Equipment belongings
- Full extension ball bearing drawer slide
- Drawer slide coupling allowing removal
- Solid steel construction
- 1.8 mm front, 1.5 mm frame and 1.2 mm tray plate thickness
- Wing knob key lock

The RD110L is a single rackspace 19" rack drawer constructed of cold rolled steel, finished in a black (RAL 9004) powder coating. The fine structured finish guarantees a high scratch resistance, while the construction composed of a 1.5 mm frame, 1.8 mm front panel and 1.2 mm tray offers an optimal strength and stability.

These rack drawers can be used for storage of any belongings related to the rack mounted equipment, such as: cables, remote controls, instruction manuals, etc.

The high quality full extension ball bearing drawer slide with decoupling mechanism allows removal of the drawer.
